

iety

hope you were covered up

In society, worlds collide. Composition on improvisation – Sterility on emotion – Uncontrolled energy sallies on celebrating the details. The fusion creates an independent sound with strong gravitation. The individual fills its spaces or enjoys the tension of the void, and the sprinkling of the sun brings speed and clarity. Probably not, but it sure would be cool.

Artist: **iety**
Elio Amberg (tenor sax / bass clarinet)
Laura Schenk (piano)
Amadeus Fries (drums)
